Today CBS announced the Fall 2023 primetime programming premiere dates, which kick off in September and roll out through the fall. As previously announced, the fall lineup features original programming every night of the week, with more than 185 hours of original programming (not including sports). The CBS schedule includes a broadcast run of YELLOWSTONE, three new alternative series, expanded versions of iconic reality series, Paramount+ original series, primetime news programs and live sports.

A chronological list of series premiere dates follows. Additional programming will be announced in the future. All times Eastern.
