(1) See Schedule 8 for a description of items affecting comparability of net earnings and diluted EPS.

(2) Since the issuance of our 5.75% Series A Mandatory Convertible Preferred Stock (“Preferred Stock”) in March 2021, the impact from its assumed conversion to shares of common stock would have been antidilutive in the calculations of reported and adjusted EPS for each of the quarters and the full year in 2022, and the quarter ended March 31, 2023. In addition, the impact of conversion would have been antidilutive to adjusted diluted EPS for the twelve months ended December 31, 2021. When antidilutive, in the calculation of EPS the weighted average number of diluted shares outstanding does not include the assumed issuance of shares upon conversion of preferred stock, and preferred stock dividends for the applicable period are deducted from net earnings from continuing operations.

(3) For periods when we report a net loss the dilutive impact to shares for diluted EPS is excluded because it would be antidilutive.

Impact of adjustments on diluted EPS from continuing operations attributable to Paramount ⁽⁹⁾	\$ (3.21)	\$.02	\$.11	\$.18	\$.37	\$.68	\$ 1.90

(1) Reflects severance costs, lease impairments and costs associated with other corporate matters.

(2) Reflects charges to reduce the carrying value of intangible assets to their fair value which are recorded in *Depreciation and amortization*.

(3) In connection with our plan to integrate Showtime into Paramount+ and initiatives to rationalize and right-size our international operations to align with our streaming strategy and close or globalize certain of our international channels, during the first quarter of 2023 we reviewed our content portfolio and determined that we would not use certain content on our platforms. Accordingly, we recorded programming charges, which were comprised of impairment charges for content removed from our platforms or abandoned, development cost write-offs and contract termination costs.

(4) The third quarter of 2022 reflects a gain recognized upon the contribution of certain assets of Paramount+ in the Nordics to SkyShowtime, our streaming joint venture. The first quarter of 2022 reflects a gain from the sale of international intangible assets and a working capital adjustment to the gain from the sale of CBS Studio Center. 2021 primarily reflects gains on the sales of CBS Studio Center, an office tower that was the former headquarters of CBS, and a noncore trademark licensing operation.

(5) Includes changes to the fair value of investments, including impairment charges, and gains and losses associated with the sale of investments.

(6) Reflects the accelerated recognition of a portion of the unamortized actuarial losses due to the volume of lump sum benefit payments in one of our pension plans.

(7) The tax impact has been calculated by applying the tax rates applicable to the adjustments presented.

(8) Includes the net discrete tax expense or (benefit) related to changes in tax laws, the reorganization of international operations, the resolution of income tax matters, and excess tax benefits from the vesting or exercise of stock-based compensations awards, among others.

(9) For the twelve months ended December 31, 2021, the impact of adjustments on diluted EPS includes a reduction to EPS of \$.02 because our reported EPS includes the effect from the assumed conversion of our Preferred Stock, but such conversion is not reflected in the calculation of adjusted EPS because it would have been antidilutive.

(1) Free cash flow includes payments for restructuring, merger-related costs, and transformation initiatives. Since the Merger, we have invested in a number of transformation initiatives. Initially, these were undertaken to realize synergies related to the Merger. Beginning in 2022, our transformation initiatives are related to future-state technology, including the unification and evolution of systems and platforms, and migration to the cloud. In addition, we are investing in future-state workspaces, including adapting our facilities to accommodate our hybrid and agile work model.
