PROXY STATEMENT  
-----

The enclosed Proxy is being solicited by the Board of Directors of Viacom Inc. (the "Company" or "Viacom") for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on May 23, 2001. Holders of shares of the Company's Class A Common Stock, \$0.01 par value ("Class A Common Stock"), on the books of the Company at the close of business on April 2, 2001 are entitled to notice of and to vote at the Annual Meeting. As of March 31, 2001, the Company had outstanding 137,458,556 shares of Class A Common Stock, each of such shares being entitled to one vote, and 1,643,734,160 shares of non-voting Class B Common Stock, \$0.01 par value ("Class B Common Stock" and, together with the Class A Common Stock, "Common Stock").

The enclosed Proxy may be revoked at any time prior to being voted upon by written notice to the Secretary of the Company, by submission of a Proxy bearing a later date or by voting in person at the meeting. Each valid and timely Proxy not revoked will be voted at the meeting in accordance with the instructions thereon or if no instructions are specified thereon, then the Proxy will be voted as recommended by the Board of Directors. The affirmative vote of the holders of a majority of the shares of Class A Common Stock present in person or represented by proxy and entitled to vote is required for the election of directors and the appointment of the independent accountants. The affirmative vote of the holders of a majority of the outstanding shares of Class A Common Stock is required for the adoption of the proposed amendment to the Viacom Inc. Restated Certificate of Incorporation. A broker non-vote with respect to the election of directors or the appointment of the accountants will have no effect on such matters. A broker non-vote with respect to the proposed amendment to the Viacom Inc. Restated Certificate of Incorporation will have the effect of a vote against the amendment. An abstention with respect to any matter brought before the meeting will have the effect of a vote against such matter.

As of March 31, 2001, National Amusements, Inc. ("National Amusements") beneficially owned approximately 68% of the Class A Common Stock and approximately 11% of the outstanding Class A Common Stock and Class B Common Stock on a combined basis. Sumner M. Redstone, the controlling stockholder of National Amusements, is Chairman of the Board and Chief Executive Officer of the Company.

National Amusements has advised the Company that it intends to vote all of its shares of Class A Common Stock in favor of the election of the 18 nominated directors, the amendment of the Restated Certificate of Incorporation and the appointment of PricewaterhouseCoopers LLP. Such action by National Amusements will be sufficient to elect such directors, approve the amendment to the Restated Certificate of Incorporation and approve the appointment of the independent accountants without any action on the part of any other holder of Class A Common Stock.

The complete mailing address of the principal executive offices of the Company is 1515 Broadway, New York, New York 10036-5794. The Company intends to commence its distribution of the Proxy Statement and the Proxy on or about April 16, 2001.

Each nominee is now a member of the Board of Directors of the Company. \*\* Mr. Andelman became a member of the Governance and Nominations Committee when he became a director on December 14, 2000. Mr. Dooley served as a member of this Committee until he resigned from the Board on November 15, 2000.

The functions of the Audit Committee include considering the appointment of

the independent accountants for the Company, reviewing with the auditors the plan and scope of the audit and audit fees, monitoring the adequacy of reporting and internal controls and meeting periodically with internal auditors and independent accountants. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. The Board has adopted a written charter for the Audit Committee, a copy of which is attached to this Proxy Statement as Exhibit A. The Audit Committee charter is reviewed once each year. The Board has determined that all of the members of the Audit Committee are "independent" as defined by the rules of the NYSE.

The functions of the Compensation Committee include reviewing the Company's general compensation strategy and reviewing and approving executive compensation (except with respect to matters entrusted to the Officers Nominating Committee as described below). The Committee administers the Company's annual bonus compensation plan, long-term compensation plans, stock option plans and individual stock option grants, as well as its benefit plans. In addition, the Committee administers the bonus plan (the "Senior Executive STIP") for executives subject to Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), determining the executive officers who participate in the plan, establishing performance targets and determining specific bonuses for the participants. The Compensation Committee does not have the power to approve the annual compensation of any talent, as that term is commonly used in the media or entertainment industries, or of any executive whose annual cash compensation, measured as salary plus target bonus, is less than \$1 million. These powers are delegated to the Officers Nominating Committee.

Prior to the CBS Merger, the Compensation Committee, as described above, was comprised of two separate committees: the Compensation Committee and the Senior Executive Compensation Committee. The Compensation Committee reviewed the Company's general compensation strategy, the terms of employment agreements for executives earning over a specified amount, and administered the Company's annual bonus compensation plan and long-term compensation plans. The Senior Executive Compensation Committee reviewed compensation and administered employment agreements for executive officers subject to Section 162(m) of the Code, administered the Company's stock option plans, approved individual stock option grants and administered the Senior Executive STIP.

During the three year period following the CBS Merger, the Officers Nominating Committee has the power, subject to the powers of the Compensation Committee, to hire, elect, terminate, change positions, allocate responsibilities and determine non-equity compensation of officers and employees, other than the Chairman, the Chief Executive Officer and Chief Operating Officer. The Officers Nominating Committee does not, however, have the power to fill the position of Chief Financial Officer, Controller or General Counsel without approval by a majority of the Board of Directors, although the Officers Nominating Committee has the power to terminate the employment of the persons holding those positions. Any action taken by the Officers Nominating Committee may be overturned by a vote of at least 14 directors.

The functions of the Governance and Nominations Committee include addressing nominations to the Board and corporate governance issues. The Governance and Nominations Committee will consider nominees recommended by the stockholders of the Company; recommendations should be submitted to the Company, to the attention of Michael D. Fricklas, Secretary.

#### DIRECTORS' COMPENSATION

Directors of the Company who are not officers or employees of the Company or National Amusements or members of their immediate family ("Outside Directors") are entitled to receive the directors' fees and are eligible to participate in the Company's stock option plans described below. Messrs. Abrams, Miller, Salerno, Schwartz and Seidenberg were Outside Directors for the entire 2000 calendar year and Messrs. Conrades, Dauman, Gray, Leschly, McLaughlin and Walter and Ms. Stonesifer were Outside Directors since May 2000. Mr. Andelman was an Outside Director since December 2000. Mr. Dooley served as an Outside Director from May 2000 until his resignation from the Board in November 2000. In 2000, only Outside Directors received any compensation for services as a director.

Directors' Fees. Outside Directors received the following fees for 2000: (i) a quarterly retainer of \$12,500 for 2000; (ii) a per meeting attendance fee of \$1,500 for each Board meeting; (iii) a per meeting attendance fee of \$1,500 for each meeting of the Audit Committee and of the Compensation Committee; and (iv) a \$7,500 annual retainer fee for the Chairman of the Audit Committee (currently Mr. Salerno), for the Chairman of the Compensation Committee (currently Mr. Schwartz) and for the Chairman of the Governance and Nominations Committee (currently Mr. Abrams).

Deferred Compensation Plan. Messrs. Abrams, Andelman, Conrades, Leschly, Miller, Salerno, Schwartz, Seidenberg and Walter and Ms. Stonesifer have deferred payment of their retainer and attendance fees, pursuant to the Company's unfunded Deferred Compensation Plan; these amounts are deemed invested in the number of stock units equal to the number of shares of Common Stock such amounts would have purchased when deferred. Payment will be made in a lump sum or in three or five annual installments starting seven months after their retirement, with the value of the stock units determined by reference to the fair market values of the Class A Common Stock and Class B Common Stock at the time of retirement and, in the case of installment payments, credited with interest. For 2000, the stock unit accounts of Messrs. Abrams, Conrades, Leschly, Miller, Salerno,

Schwartz, Seidenberg and Walter and Ms. Stonesifer were credited with 686; 337; 348; 641; 761; 784; 718; 323 and 399 Class A Common Stock units and 687; 338; 349; 642; 761; 784; 718; 324 and 400 Class B Common Stock units, respectively.

Outside Directors' Stock Option Grants. Each Outside Director receives an annual grant of stock options to purchase 3,000 shares of Class B Common Stock. Each Outside Director also received a grant of non-qualified stock options to purchase 10,000 shares of Class B Common Stock when such person became an Outside Director or when the program was established in May 1993 for Outside Directors elected before that date. Each Outside Director who had served as an Outside Director since 1989 also received a one-time grant in November 1994 of stock options to purchase 20,000 shares of Class B Common Stock. The per share exercise price of each grant has been the closing price of a share of Class B Common Stock on the American Stock Exchange or the NYSE on the date of grant. Accordingly, Messrs. Conrades, Dauman, Dooley, Gray, Leschly, McLaughlin and Walter and Ms. Stonesifer each received a grant of non-qualified stock options to purchase 10,000 shares of Class B Common Stock with a per share exercise price of \$55.75 (the closing price of a share of Class B Common Stock on the NYSE on the date of grant) when they became Outside Directors on May 4, 2000. In addition, on August 1, 2000, Messrs. Abrams, Conrades, Dauman, Dooley, Gray, Leschly, McLaughlin, Miller, Salerno, Schwartz, Seidenberg and Walter and Ms. Stonesifer each received an annual grant to purchase 3,000 shares of Class B Common Stock, with a per share exercise price of \$70.00 (the closing price of a share of Class B Common Stock on the NYSE on the date of grant). The grants to Mr. Dooley were cancelled when he resigned from the Board in November 2000. Mr. Andelman received a grant of non-qualified stock options to purchase 10,000 shares of Class B Common Stock, with a per share exercise price of \$54.25 (the closing price of a share of Class B Common Stock on the NYSE on the date of grant), when he was appointed to the Board on December 14, 2000.

Retirement Income Plan. Outside Directors appointed or elected before January 1, 1999 were eligible to participate in the unfunded, non-qualified Retirement Income Plan established in 1989. Pursuant to this plan, such Outside Directors will receive annual payments commencing on such director's retirement equal to 100% of the amount of the annual Board retainer at the time of such retirement (not including meeting attendance fees or the annual retainer for serving as Chairman of the Audit, Compensation or Governance and Nominations Committee). The Plan provides that such director or his estate will receive such annual payments for the number of years of such director's service on the Board.

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Abrams, Miller, Brent Redstone, Salerno, Schwartz and Seidenberg and Ms. Shari Redstone were members of the Compensation Committee for the period from January 1, 2000 through the CBS Merger on May 4, 2000 and Messrs. Gray, Leschly, Salerno, Schwartz, Seidenberg and Ms. Stonesifer were members of the Compensation Committee from May 4, 2000 to December 31, 2000.

Shari Redstone is an executive officer and director of National Amusements. Mr. Dauman, who served as an executive officer of the Company until shortly before the CBS Merger, is a director of the Company and National Amusements.

George S. Abrams, a director of the Company and National Amusements, entered into an agreement with the Company in 1994 to provide legal and governmental consulting services for the Company. During the year ended December 31, 2000, the Company made payments to Mr. Abrams for such services in the aggregate amount of \$120,000.

Ken Miller, a director of the Company, is Vice Chairman of Credit Suisse First Boston Corporation. Credit Suisse First Boston Corporation has performed, and, in the future, is expected to perform from time to time, investment banking services for the Company.

National Amusements, the Company's major stockholder, licenses films in the ordinary course of its business for its motion picture theaters from all major studios including Paramount Pictures, a division of the Company. During the year ended December 31, 2000, National Amusements made payments to Paramount Pictures in the aggregate amount of approximately \$14,439,000 to license Paramount Pictures films. National Amusements licenses films from a number of unaffiliated companies and the Company believes that the terms of the licenses between National Amusements and Paramount Pictures were no less favorable to Paramount Pictures than licenses between unaffiliated companies and National Amusements were to such unaffiliated companies. The Company expects to continue to license Paramount Pictures films to National Amusements upon similar terms in the future.

Mr. Redstone and National Amusements own an aggregate of approximately 27.9% of the common stock of Midway Games Inc. ("Midway"). During the year ended December 31, 2000, Blockbuster purchased approximately \$5.6 million of home video games from Midway. The Company believes that the terms of these purchases were no less favorable to the Company than it would have obtained from parties in which there was no such ownership interest. The Company expects to purchase video games from Midway in the future.

National Amusements and AMC Entertainment, Inc., which operate movie theatre chains, entered into a joint venture agreement on February 29, 2000 with Hollywood.com to form MovieTickets.com, Inc. ("MovieTickets"). National Amusements owns approximately 25% of MovieTickets. Shari Redstone, a director of the Company, is an executive officer and director of National Amusements and Co-Chairman of MovieTickets. The joint venture entered into an agreement in principle during 2000 for the Company to acquire a 5% interest for \$25 million of advertising over five years. The acquisition closed in March 2001. Famous Players, the Company's Canadian theatre chain, also has a 5% interest in MovieTickets. The Company believes that the terms of its agreement with MovieTickets are no less favorable to the Company than it would have obtained from parties in which there was no such ownership interest.

## AUDIT COMMITTEE

### Report of the Audit Committee

We have reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2000.

We have discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants. Also, we have received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with the auditors their independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000.

We have also considered whether the services performed by PricewaterhouseCoopers LLP not related to the audit of the financial statements referred to above and to the reviews of the interim financial statements included in the Company's Forms 10-Q for the quarters ended March 31, 2000, June 30, 2000 and September 30, 2000 is compatible with maintaining PricewaterhouseCoopers independence.

## EXECUTIVE COMPENSATION

### Report of the Compensation Committee on Executive Compensation

The Compensation Committee and the Senior Executive Compensation Committee for the period from January 1, 2000 through the CBS Merger on May 4, 2000 and the Compensation Committee for the balance of 2000 (collectively, the "Committee") has furnished the following report on executive compensation for 2000.

All members of the Committee were non-employee directors. Before the CBS Merger, the Compensation Committee reviewed and approved the Company's executive compensation and the Senior Executive Compensation Committee reviewed and approved compensation for executive officers, if their compensation was, or could become, subject to Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). After the CBS Merger, the Compensation Committee reviewed and approved compensation for executives if their salary and target bonus compensation equaled or exceeded \$1 million per annum. Independent compensation consultants have advised the Committee from time to time with respect to the Company's long-term incentive compensation plans since 1987.

The objectives of the executive compensation package for the Company's executive officers are to:

- . Set levels of annual salary and bonus compensation that will attract and retain superior executives in the highly competitive environment of entertainment and media companies;
- . Provide annual bonus compensation for executive officers that varies with the Company's financial performance and reflects the executive officer's individual contribution to that performance;
- . Provide long-term compensation that is tied to the Company's stock price so as to focus the attention of the executive officers on managing the Company from the perspective of an owner with an equity stake; and
- . Emphasize performance-based compensation, through annual bonus compensation and long-term compensation, over fixed compensation.

The Committee evaluated the competitiveness of its executive compensation packages based on information from a variety of sources, including information supplied by consultants and information obtained from the media or from the Company's own experience. The Committee also focused on executive compensation offered by the members of the peer group included in the performance graphs set forth on subsequent pages. At times, the Committee also evaluated compensation relative to a broader range of companies, whether or not included in such peer group, that have particular lines of business comparable to those of the Company.

#### Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Code generally limits to \$1 million the federal tax deductibility of compensation (including stock options) paid in one year to the Company's Chief Executive Officer and the other executive officers whose compensation is individually disclosed in the tables that appear on subsequent pages (the "named executive officers"). The tax deductibility of deferred compensation paid to an executive officer when he is no longer subject to Section 162(m) is not subject to the limitation. Performance-based compensation (including stock options) is also subject to an exception, provided such compensation meets certain requirements, including stockholder approval.

Compensation for the Company's executive officers is comprised of base salary, annual bonus compensation, long-term compensation in the form of stock options and deferred compensation for any executive officer whose annual base salary exceeds \$1 million. The annual bonus plan for most of the Company's executive officers (the "Senior Executive STIP") and the Company's stock option plans (the "LTMIP") were designed to comply with the exception for performance-based compensation. The Senior Executive STIP provides objective performance-based annual bonuses, subject to a maximum limit of eight (8) times the executive's annual salary compensation, consisting of base salary plus any deferred compensation. Long-term compensation for the

Company's executive officers has been provided through grants of LTMIP stock options. It is expected that long-term compensation for future years will continue to be provided through grants of LTMIP stock options. The stockholders of the Company have approved the Senior Executive STIP and the LTMIP.

#### Annual Salary Compensation

Annual salary compensation levels for executive officers are designed to be consistent with competitive practice and level of responsibility. Annual salary compensation for 2000 consisted of base salary and, for the Chief Executive Officer and the Chief Operating Officer, deferred compensation.

#### Annual Bonus Compensation

Annual bonus compensation for 2000 for the named executive officers (other than Messrs. Dauman and Dooley) was provided under the Senior Executive STIP. In accordance with the Senior Executive STIP and as permitted by Section 162(m) of the Code, the Committee established performance criteria and target awards for these executive officers. The performance criteria related to the attainment of a specified level of operating income for the Company as a whole. For this purpose, the Senior Executive STIP uses the EBITDA definition of revenues less operating expenses (other than depreciation, amortization and non-recurring charges) to define "operating income".

The level of the Senior Executive STIP annual bonuses for 2000 for the Company's executive officers was based on the determination of the Committee that the performance criteria established for 2000 had been exceeded. The Committee considered a number of factors, including the role played by the executive officers in completing the CBS Merger and successfully integrating the operations of CBS and Viacom while achieving record operating results, and awarded the annual bonuses set forth in the Summary Executive Compensation Table.

Annual bonus compensation for the Company's executive officers not participating in the Senior Executive STIP was provided under the Company's Short-Term Incentive Plan based on individual performance and the Company's financial performance.

#### Long-Term Compensation

The Committee believes that the use of equity-based long-term compensation plans appropriately links executive interests to enhancing stockholder value.

Annual grants of LTMIP stock options for Class B Common Stock are generally awarded to the Company's executive officers. The grants of LTMIP stock options for Class B Common Stock awarded to the Company's executive officers (other than the Chief Executive Officer and the Chief Operating Officer) in 1999 represented such executives' grants for 1999 and 2000. However, certain executive officers received an additional grant in 2000 in recognition of the additional responsibilities that they had assumed as a result of the CBS Merger. These stock options vest over a three or four year period and have a ten-year term from the date of grant. The exercise price of these stock options was set at the fair market value of the Class B Common Stock on the date of grant.

#### Chief Executive Officer's and Chief Operating Officer's Compensation

Mr. Redstone, the Chairman of the Board, Chief Executive Officer and controlling stockholder of the Company, waived payment of any compensation for his services as Chief Executive Officer of the Company for the period from January 1, 2000 to May 4, 2000.

The Company entered into employment agreements with Mr. Redstone to serve as its Chairman and Chief Executive Officer and with Mr. Karmazin to serve as its President and Chief Operating Officer after the CBS Merger. The terms of those agreements are described below under "Employment and Severance Agreements".

Effective upon the CBS Merger, Messrs. Redstone and Karmazin each received a grant of options to purchase 2 million shares of Class B Common Stock that vest in three equal annual installments.

The level of the Senior Executive STIP annual bonuses for 2000 for Messrs. Redstone and Karmazin was based on the determination of the Compensation Committee that the performance criteria established for 2000 had been exceeded. The Committee considered a number of factors, including the role played by Messrs. Redstone and Karmazin in completing the CBS Merger and successfully integrating the operations of CBS and Viacom while achieving record operating results, and awarded the annual bonuses set forth in the Summary Executive Compensation Table.

Option Grants in Fiscal 2000

The following table sets forth certain information with respect to executive stock options to purchase shares of Class B Common Stock awarded during 2000 to the named executives. The table includes a column designated "Grant Date Present Value". The calculation in that column is based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. There is no way to anticipate what the actual growth rate of the Class B Common Stock will be.

NOTES:

- (1) These grants were awarded to Messrs. Redstone and Karmazin on May 4, 2000 and vest in one-third increments on May 4, 2001, May 4, 2002 and May 4, 2003.
- (2) These grants were awarded to Messrs. Fricklas and Roskin on May 25, 2000 and vest in one-third increments on May 25, 2001, May 25, 2002 and May 25, 2003.
- (3) The grants for 10,000 and 3,000 shares were awarded to Messrs. Dauman and Dooley on May 4, 2000 and August 1, 2000, respectively, in connection with their services as outside directors after the CBS Merger. The grants vest one year after the date of grant. The grants to Mr. Dooley were cancelled when he resigned from the Board in November 2000.
- (4) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. There is no assurance that the value realized by an executive will be at or near the value estimated by the Black-Scholes model. The grant date values presented in the table were determined in part using the following assumptions. No adjustments were made for non-transferability or risk of forfeiture.

Expected volatility.....	32.10%
Risk-free rate of return.....	6.56%
Dividend yield.....	0.00%
Time of exercise.....	6.8 years

The approach used in developing the assumptions upon which the Black-Scholes valuation was done is consistent with the requirements of the Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation".

- (5) Less than 1%.

Under the terms of the Viacom Pension Plan and the Viacom Excess Pension Plan (collectively, the "Viacom Pension Plans") for certain higher compensated employees, an eligible employee will receive a benefit at retirement that is based upon the employee's number of years of benefit service and average annual compensation (salary and bonus) for the highest 60 consecutive months out of the final 120 months. Such compensation is limited to \$750,000 per year or, for any executive employed by Viacom as of December 31, 1995, the executive's base salary as of December 31, 1995, if greater. The benefits under the Viacom Excess Pension Plan are not subject to the Internal Revenue Code provisions that limit the compensation used to determine benefits and the amount of annual benefits payable under the Viacom Pension Plan. The foregoing table illustrates, for representative average annual pensionable compensation and years of benefit service classifications, the annual retirement benefit payable to employees under the Viacom Pension Plans upon retirement in 2000 at age 65, based on the straight-life annuity form of benefit payment and not subject to deduction or offset.

Mr. Karmazin has been credited with approximately one year of benefit service under the Viacom Pension Plans; however, the benefits will be calculated as though he had approximately 13 years of credited service in accordance with the terms of his employment agreement with the Company. The number of years of benefit service that have been credited for Messrs. Fricklas and Roskin are approximately 6.5 years and 13 years, respectively. Messrs. Dauman and Dooley have been credited with 7 and 21 years of service under the Viacom Pension Plans; however, the benefits will be calculated as though they, respectively, had 20 and 23 years of credited service in accordance with the terms of their agreements with the Company entered into on September 6, 1999. The terms of these agreements are described below under "Employment and Severance Agreements". Mr. Redstone does not participate in the Viacom Pension Plans.

Mr. Karmazin has a vested benefit under an Infinity pension plan which was frozen in November 1987. He has not accrued any additional benefits under this plan since November 1987. As of December 31, 2000, the estimated monthly benefit amount payable to Mr. Karmazin upon retirement at normal retirement age under this frozen pension plan was \$1,408.

During the period from March 1, 1994 through December 31, 1997, Mr. Reynolds participated in the Westinghouse Pension Plan. Effective January 1, 1998, he became a participant in the Group W component of the CBS Combined Pension Plan. Effective April 1, 1999, the CBS Combined Pension Plan was amended and Mr. Reynolds became a participant in the cash balance component of the CBS Combined Pension Plan (the "CBS Cash Balance Plan"). The CBS Cash Balance Plan is non-contributory. All employer contributions are actuarially determined. The CBS Cash Balance Plan credits the active participant's hypothetical account annually with 2% of base/benefit pay (pay for this purpose is subject to a maximum of \$550,000), an interest credit on the opening account balance (which is the converted accrued benefit from the prior component plan) and on the ongoing account (which is the annual credit to the account); and, in certain circumstances, a transition credit which is unique to each individual. Mr. Reynolds also has vested benefits under the Westinghouse Executive Pension Plan, which were frozen effective March 31, 1999. Mr. Reynolds has not accrued additional benefits under the Westinghouse Executive Pension Plan since March 31, 1999. As of December 31, 2000, the estimated monthly benefit amount payable to Mr. Reynolds upon retirement at normal retirement age under the Westinghouse Executive Pension Plan was \$5,870.

## EMPLOYMENT AND SEVERANCE AGREEMENTS

Mr. Redstone, the Chairman of the Board, Chief Executive Officer and controlling stockholder of the Company, did not receive compensation for his services as Chief Executive Officer for the period through the CBS Merger. The Company entered into an employment agreement with Mr. Redstone to serve as its Chairman and Chief Executive Officer after the CBS Merger. Under that agreement, Mr. Redstone received a salary of \$1 million per annum and annual bonus compensation, with an established target bonus of \$5 million for calendar year 2000, prorated to reflect the actual number of days that the agreement was in effect during the year 2000. The target bonus amount increases by 10% annually through 2003. Mr. Redstone also received deferred compensation of \$2 million during calendar year 2000, prorated to reflect the number of days the agreement was in effect during the year 2000, thereafter to be increased annually by 10% of his salary and deferred compensation for the preceding year. Effective upon the CBS Merger, he received a grant of options to purchase 2 million shares of Class B Common Stock that vest in three equal annual installments.

The Company entered into an employment agreement with Mr. Karmazin to serve as its President and Chief Operating Officer after the CBS Merger until December 31, 2003. Under that agreement, Mr. Karmazin received a salary of \$1 million per annum and annual bonus compensation, with an established target bonus of \$5 million for calendar year 2000, prorated to reflect the actual number of days that the agreement was in effect during the year 2000. The target bonus amount increases by 10% annually through 2003. Mr. Karmazin also received deferred compensation of \$2 million during calendar year 2000, prorated to reflect the number of days the agreement was in effect during the year 2000, thereafter to be increased annually by 10% of his salary and deferred compensation for the preceding year. Effective upon the CBS Merger, he received a grant of options to purchase 2 million shares of Class B Common Stock that vest in three equal annual installments. Mr. Karmazin will be provided with \$5 million of life insurance during the employment term. In the event of the termination of Mr. Karmazin's employment without "cause" or voluntary termination for "good reason", as these terms are defined in his agreement, during the employment term, he will be entitled to receive salary, target bonus and deferred compensation for the balance of the employment term and his stock options (including options that would have vested during the employment term) shall remain exercisable for two years following the date of termination or, if later, until December 31, 2003 (but not beyond the expiration of such stock options).

The Company entered into a new employment agreement with Mr. Fricklas on May 1, 2000 that provides that he will be employed as Executive Vice President, General Counsel and Secretary of the Company until August 1, 2003, at a salary of \$800,000 per annum, with \$75,000 annual increases. Mr. Fricklas' target bonus is set at 60% of his base salary. Pursuant to his agreement, on May 25, 2000, he received a grant of options to purchase 100,000 shares of Class B Common Stock that vest in three equal annual installments. In the event of the termination of Mr. Fricklas' employment without "cause" or voluntary termination for "good reason", as these terms are defined in his agreement, during the employment term, he will be entitled to receive salary and target bonus for the balance of the employment term, subject to mitigation after the first twelve months, and his stock options (including options that would have vested during the employment term) shall remain exercisable for six months following the date of termination (but not beyond the expiration of such stock options).

The Company entered into a new employment agreement with Mr. Roskin on May 1, 2000 that provides that he will be employed as Senior Vice President, Human Resources and Administration of the Company until August 1, 2003, at a salary of \$800,000 per annum, with \$75,000 annual increases. Mr. Roskin's target bonus is set at 60% of his base salary. Pursuant to his agreement, on May 25, 2000, he received a grant of options to purchase 100,000 shares of Class B Common Stock that vest in three equal annual installments. In the event of the termination of Mr. Roskin's employment without "cause" or voluntary termination for "good reason", as these terms are defined in his agreement, during the employment term, he will be entitled to receive salary and target bonus for the balance of the employment term, subject to mitigation after the first twelve months, and his stock options (including options that would have vested during the employment term) shall remain exercisable for six months following the date of termination (but not beyond the expiration of such stock options).

Pursuant to a March 1999 agreement, in the event of the termination of Mr. Reynolds' employment without "cause" or voluntary termination for "good reason", as these terms are defined in the agreement, Mr. Reynolds will be entitled to receive separation pay in the amount of two times his base salary and annual incentive target award opportunity, and his stock options will continue to vest and remain exercisable for two years following the date of termination (but not beyond the expiration of such stock options).

During 2001, the Company and Mr. Moonves amended Mr. Moonves' employment agreement. The agreement provides that he will be employed as President and Chief Executive Officer, CBS Television, through July 16, 2004, and that he will receive a salary of \$3 million per annum and a guaranteed annual bonus of \$2.5 million per annum. In addition, Mr. Moonves is eligible to receive an annual incentive award of up to \$2 million, based on the achievement of certain financial and other goals established by the Compensation Committee of the Board. He also receives a monthly payment of \$1,500 to offset certain benefits from his former employer that he lost when he was retained by CBS Broadcasting in 1995. Pursuant to his agreement, on May 25, 2000, Mr. Moonves received a grant of options to purchase 750,000 shares of Class B Common Stock that vest in three equal annual installments. In the event of the termination of Mr. Moonves' employment other than for "cause" or for "good reason", as these terms are defined in his agreement, during the employment term, he will be entitled to receive salary and bonus payments for the balance of the employment term. In addition, any unvested stock options granted to Mr. Moonves before the CBS Merger will continue to vest in accordance with the terms of the stock option agreements under which they were granted and will remain exercisable for three years after the termination of his employment (but not beyond the expiration date of such stock options); any unvested portion of the options granted on May 25, 2000 will vest and remain exercisable for three years after the termination of his employment.

Messrs. Dauman and Dooley entered into employment agreements during 1998 which provided that they would each be employed as Deputy Chairman and Executive Vice President of the Company until December 31, 2003, at a salary of \$1 million per annum. The agreements provided that each executive would also receive deferred compensation, payable the year after he ceases to be an executive officer of the Company, in an amount equal to \$881,000 for 1999, \$1,069,000 for 2000 and no less than \$1,069,000 per year for 2001-2003. The target bonus for each executive for each calendar year during the employment term was set at 250% of his salary and deferred compensation for such year. Each executive was provided with \$5 million of life insurance during the employment term.

Pursuant to agreements entered into with the Company on September 6, 1999, Messrs. Dauman and Dooley resigned from the Company shortly before the CBS Merger. After their resignation, each received a one-time cash payment equal to the amount that would have been payable under their employment agreements through their original terms, or December 31, 2003, payouts of all deferred compensation accounts and the balance of their accounts under the Company's Excess 401(k) Plan, and a transaction bonus in the amount of \$5 million. The amounts of the payments that Messrs. Dauman and Dooley received are set forth in the Summary Executive Compensation Table above.

All equity-based compensation awards previously granted to Messrs. Dauman and Dooley vested on the effective date of their resignation and each stock option will continue to be exercisable in accordance with its terms until December 31, 2003, subject to their compliance with the provisions of their agreements. In addition, the Company provides each of Messrs. Dauman and Dooley with an office that is comparable in quality and size to the office the executive had prior to the termination of his employment at a location in midtown Manhattan, and a secretary until December 31, 2003, or until he obtains full time employment, if earlier.

Messrs. Dauman and Dooley will continue to participate in all savings, retirement, welfare and fringe benefit plans of the Company, or will receive the cash equivalent of these benefits with an income tax gross up, through December 31, 2003, or, with respect to any welfare benefit, the date on which they become entitled to comparable benefits through a subsequent employer, if earlier. Mr. Dauman also received all additional service credit necessary to provide him with 20 years of service under any Company plans for which that credit would entitle him to additional benefits.

The agreements provide for a gross-up payment to be made to Messrs. Dauman and Dooley to eliminate the effects of any possible imposition under the Internal Revenue Code of the "golden parachute" excise tax on any payment or benefit they receive under their agreements or otherwise. Messrs. Dauman and Dooley are bound by restrictive covenants, including a noncompetition covenant that applies for one year following the termination of their employment.

#### RELATED TRANSACTION

In November 1995, the Company entered into an agreement with Gabelli Asset Management Company ("GAMCO") providing that GAMCO would manage certain assets in the Viacom Pension Plan. For the year ended December 31, 2000, the Company paid GAMCO approximately \$365,700 for such investment management services. GAMCO is expected to continue to provide such investment management services in the future. The Company entered into the arrangement with GAMCO prior to GAMCO's disclosure of its interest in the Company. The Company believes that the terms of the agreement with GAMCO are no less favorable to the Company than it could have obtained from an unaffiliated party.

#### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission (the "Commission") and the NYSE. Executive officers, directors and greater than 10% stockholders are required by the Exchange Act to furnish the Company with copies of all Section 16(a) forms they file. Based upon the Company's compliance program, as well as a review of the copies of such forms furnished to the Company, or written representations that no Form 5's were required, the Company believes that during 2000, its executive officers, directors and greater than 10% beneficial owners complied with all applicable Section 16(a) filing requirements, except that Mr. Leslie Moonves, a director of the Company, inadvertently failed to file a report relating to the purchase of 110 shares of the Class B Common Stock. Mr. Moonves promptly reported the transaction upon discovering the omission.

## APPROVAL OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Board of Directors recommends that the stockholders approve the appointment of PricewaterhouseCoopers LLP as independent accountants to serve until the Annual Meeting of Stockholders in 2002.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting and will be given an opportunity to make a statement if they so desire. They will also be available to respond to questions at the Annual Meeting.

In connection with the audit function for 2000, PricewaterhouseCoopers LLP also reviewed the Company's Annual Report on Form 10-K and its filings with the Commission and provided certain other accounting, tax and consulting services.

### Audit Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for professional services rendered for the audit of the Company's annual financial statements for the year ended December 31, 2000 and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that year were \$2.7 million.

## AUDIT COMMITTEE CHARTER

The board of directors hereby constitutes and establishes an audit committee with authority, responsibility, and specific duties described below.

\* \* \* \* \*

#### Composition

The audit committee shall be comprised of that number of directors as the board of directors shall determine from time to time, such number not to be less than three (3), each of which directors shall, in the opinion of the board of directors, meet all applicable requirements of the Audit Committee Policy of the New York Stock Exchange or other principal exchange on which the company's securities are listed, with respect to independence, financial literacy, accounting or related financial expertise, and any other matters required by such exchange. The members of the audit committee, including the chairman, shall be appointed annually by the board of directors. The committee will meet at least four times annually, or more frequently as circumstances dictate.

#### Authority

The audit committee is granted the authority to perform each of the specific duties enumerated in this committee charter and, upon the direction and approval of the board of directors, to direct an investigation into any activity of the company. The committee is empowered to retain persons having special competence as necessary to assist the committee in fulfilling its responsibility.

#### Responsibility

The audit committee is primarily responsible for overseeing the company's continued emphasis on internal financial controls, and assisting the board of directors in fulfilling its fiduciary responsibilities as they relate to the company's accounting policies and controls, financial reporting practices, the quality and integrity of the company's financial reports, and business ethics policies. The audit committee is to serve as a focal point for communications relating to financial accounting, reporting and controls among the non-committee directors, corporate management, internal auditors, and the company's independent accountants. The independent accountants are accountable to the audit committee and the board of directors.

#### Specific Duties

The audit committee is to:

1. Recommend to the board of directors the selection, retention and, when necessary, the replacement of the independent accountants to audit the consolidated financial statements of the company.
2. Meet with the independent accountants, principal internal auditor and management to review the scope of the proposed audit for the current year and any non-audit services performed. Review the compensation paid the independent accountants for all services provided to ensure that the independence of the accountants has not been impaired. To assist in its evaluation of the independent accountants' independence and objectivity in all services provided, the committee shall request and review a statement from the independent accountants delineating all relationships between the accountants and the company. Discuss with the company's management its satisfaction with the quality of all services provided by the independent accountants.
3. Review with the company's management, independent accountants, and principal internal auditor the adequacy and effectiveness of the company's systems of internal accounting, operating and financial reporting controls. Additionally, review any significant risks or exposures and audit findings or activities (including any significant pending or threatened litigation, or environmental or other material loss contingencies and the related financial statement impact) and management's response thereto.

Review the company's quarterly and annual results of operations regarding transactions, estimates, and judgments and the accounting and reporting practices applied hereto, prior to its release of earnings, and review the company's Form 10-Q's as deemed necessary by the committee. The committee will review the company's annual report on Form 10-K prior to filing such report.

4. Review with the company's management, independent accountants, and principal internal auditor the adequacy and effectiveness of the internal auditing function and recommend any changes in its authority, responsibility or duties.
5. Review expense accounts and perquisites with respect to officers, including their use of corporate assets, with the principal internal auditor based on internal audit's review of these areas.
6. Discuss the proposed internal audit plan for the coming year with the principal internal auditor and the independent accountants to ensure internal and external audit efforts have been coordinated and directed toward maximizing audit effectiveness.
7. Review a summary of internal audit findings and inquire whether appropriate corrective actions have been taken on significant audit findings. Also, review the current status of the annual internal audit plan and explanations for any significant deviations from the original plan.
8. Review matters relating to changes in accounting principles as well as important developments emanating from the accounting and auditing professions, the SEC, and other authorities.
9. Make itself available to meet independently with the independent accountants, principal internal auditor, and management in executive sessions. Among the items to be discussed in these meetings are the evaluation of the company's financial and other management and independent accountants, and whether there was full, free, and unrestricted access to all company records, property, personnel and business transactions during the audit(s). Additional items to be discussed include: the independent accountants' qualitative judgments about the appropriateness, not just the acceptability, of the accounting principles and the clarity of the financial disclosure practices used or proposed to be adopted by the company; the independent accountants' views about whether management's choices of accounting principles are conservative or aggressive from the perspective of income, asset, or liability recognition; and the independent accountants' reasoning for the appropriateness of the accounting principles adopted by management with respect to new transactions or events or significant and unusual accounting or tax issues.
10. Discuss with the independent accountants any significant proposed adjustments and their recommendations for improving internal accounting controls or management systems. Also, inquire whether there was any disagreement with management which, if not resolved to the independent accountant's satisfaction, would have caused them to issue a qualified report on the company's financial statements. "Disagreements" for this purpose shall be those contemplated by Item 304 of SEC Regulation S-K or successor rule.
11. Submit minutes of all audit committee meetings to the board of directors of the company.
12. Recommend to the board of directors any changes in the authority, responsibility or duties of the committee.
13. Annually review and reassess the adequacy of this charter and, as appropriate, recommend amendments to the board of directors.

In carrying out its responsibilities the audit committee must remain flexible in order to react to changing conditions and to assure the board of directors and stockholders that corporate accounting and reporting practices are functioning in accordance with all requirements and are of the highest quality.
